In Support! of RFDTV

Dear Sirs;

This channel is our main source for Agriculture News, which covers the Weather, Corn, soybean & Wheat commodity prices. Government Regulations for Soil Conservation, Local & Federal. Weed Control in crops; on and on.

Why would you take this channel off TV and put on another channel of questionable entertainment? When we use RFDTV to help us run our grain farm with up to the minute Ag. Information. Also, RFDTV also has country, Bluegrass and Polka music which is more in line with our way of life.
